

## BRITAIN FAVORS FOOD DICTATOR

The Nation a Unit in Support of the Runciman Plan

TO PREVENT  
ALL WASTE

Retail Prices Are Up 78 Per Cent. Since the War

London, Nov. 17.—England is a unit to-day in support of the government's food dictatorship plan. Not a newspaper nor an individual, apparently, in the whole United Kingdom voiced criticism of the plans announced in Parliament Wednesday by Walter Runciman contemplating conservation of England's food supply. The only criticisms heard were that the governmental control had been overlong delayed and that the preliminary plans, as announced, were insufficiently sweeping or drastic.

It is known, however, that Runciman's announcement was purely preliminary and that he did not reveal all the steps of control which the government has determined upon. The food dictatorship, it is said, may eventually extend even to the thoroughness of the German system.

The British people are fully prepared for the sacrifices which it is realized will be consequent upon operation of the new plan. The public is all the more willing to submit to the hardships of a controlled food supply in view of the thrilling stories of British army heroism now reaching here.

It was accepted here that the first activities of the new dictatorship would have to do with limitation on the use of sugar in costly confectionery, of indiscriminate feeding to animals of vegetables suitable for human consumption and of wasteful use of white flour and potatoes.

Retail food prices, according to semi-official statistics available yesterday, show that in a year there has been an increase of about 27 per cent. Prices now are about 78 per cent higher than they were prior to the war. But on such staples as eggs, potatoes, fish and sugar the prices have nearly doubled.

### Watchful Waiting.

Wife—You haven't said a word about the new hat I bought.  
Husband—I haven't seen the bill yet.—Lamb.

## IF BACK HURTS USE SALTS FOR KIDNEYS

Eat Less Meat if Kidneys Feel Like Lead or Bladder Bothers

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink, which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

## PRINCE ALBERT

the national joy smoke  
Jam it in a jimmy pipe or roll up a cigarette.  
Toppies 5 cent bags, tids 10 cent tin, pound and half-pound humidor

## Hard-to-Cure Skin Troubles

May Find in  
**Cuticura Soap and Ointment**  
Speedy, Grateful and Permanent Relief.  
Besides, anyone anywhere may try them before he buys them.

With 32-page Skin Book by return mail to any sufferer from skin troubles or scalp troubles with loss of hair, who has failed to obtain permanent relief from other remedies.

For Free Sample address postal-card "Cuticura, Dept. XX, Boston, Mass." Sold in every town and village in U. S.

## WHEN TONGUE IS COATED

Your liver is torpid and is affecting your stomach and bowels. To rouse your liver, take the little, purely vegetable and in-all-ways antiseptic Hood's Pills. They relieve biliousness, constipation, all liver ills. Do not irritate nor gripe. Price 25c. of druggists or C. I. Hood Co., Lowell, Mass.

## HEADACHE FROM A COLD? LISTEN!

"Pape's Cold Compound" Ends Severe Colds or Grippe in Few Hours

Your cold will break and all gripe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up. Quit blowing and snuffing! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.—Adv.

## A. F. OF L. PLANNING FOR UNIVERSAL 8-HOUR LAW

The Federation Counts on Force of Organization to Obtain It.

Baltimore, Nov. 17.—Leaders of the four railway brotherhoods will address the American Federation of Labor convention here next week on the eight-hour principle. Their appearance is expected to mark the beginning of a concerted fight for the recognition of eight hours as a working day for all classes of employees.

At the same time the appearance of the brotherhood leaders—Warren S. Stone of the engineers, A. B. Garretson of the conductors, W. C. Lee of the trainmen and W. S. Carter of the firemen—is expected also to hasten the coalition of the brotherhoods with the federation.

Labor leaders hope to force an eight-hour day, not through legislation but through the power of organized labor. "We are afraid of legislation," the high federation official who revealed the above plan said. "What is done by legislation can be undone. We want to put through an eight-hour day principle by direct negotiation with private employers through the force of organized labor."

"We want, if possible, to extend the eight-hour day to all industries. It is undisputed that it makes for efficiency. A man can do more and better work in eight hours, when results are tabulated, than he can in a longer day. At present the ship-building trade—comprising machinists, boilermakers and other unions—has no standard day. The government navy yards work their men eight hours a day. Private shipbuilders work their employees nine or ten or more hours a day. We are going to try to obtain recognition of the eight-hour day in this trade and also in the iron and steel industries."

Labor leaders, it was said, have been encouraged by recent statements of President Wilson that the eight-hour day was "inevitable." They expect to stand behind the government in its fight to prove the constitutionality of the Adamson law.

The co-operation of the brotherhoods and the federation in the eight-hour day fight will mean the coalition of the two great organizations in time, leaders here agree. It will not be at this convention, but perhaps at the next, they think.

The federation's fight for the eight-hour day is expected to be based on the report of the executive committee, which speaks strongly of the necessity for national recognition of eight hours as a basic working day. It is considered likely that when the federation delegates visit President Wilson to-morrow they will discuss this question with him and ask for advice.

## SEE SUCCESS FOR MEXICAN BORDER PLAN

Joint Commission Confident the Agreement Will Be Approved Before Week-End.

Atlantic City, N. J., Nov. 17.—The peace market took an upward turn here again yesterday. As a result both sides of the American-Mexican peace commission thought the border control agreement, including early withdrawal of General Pershing's forces from Mexico, would be approved by Saturday night, barring unforeseen complications.

Luis Cabrera's reported opposition was variously stated as mythical and as having been overcome. In any event, the commission proceeded with its labors and both groups stated confidently that the way seemed smoothed for completing the conference at the end of the 12th week.

### CANADIAN LOSSES 60,000.

Of These 12,934 Were Killed or Died—Majority of Wounded in Service.

Ottawa, Ont., Nov. 17.—The casualty branch of the department of militia Wednesday night issued a statement showing that the number of casualties among the Canadian troops fighting in France since the beginning of the war has aggregated slightly more than 60,000, a very large percentage of whom have returned to duty or are convalescing. The number killed is placed at 9,457, while 3,477 have died of wounds and 3,272 are missing.

### VILLISTAS KILL GERMANS.

Theodore Hoemiller, His Wife and Child Slain at Parral.

El Paso, Tex., Nov. 17.—Theodore Hoemiller, a merchant of Parral, Chihuahua, together with his wife and baby, were killed by Villa bandits when Villa occupied Parral, a report received here by a Parral mining company states. Hoemiller is said to be a German subject.

### The Quinine That Does Not Affect Head

Because of its tonic and laxative effect, Laxative Bromo Quinine can be taken by anyone without causing nervousness nor ringing in the head. There is only one "Bromo Quinine." E. W. GROVE'S signature is on box. 25c.—Adv.

## WINTER OF R. R. WARS IN VIEW

Adamson Law Litigation, Strike Threats, and Congressional Activity

THE PRESIDENT  
TO TAKE PART

Not Only in Legislation, but in Operation of Roads in Event of Strike

Washington, Nov. 17.—Signs multiplied yesterday that a great battle, or series of battles, is to be fought this winter over railroad questions of the first magnitude.

With the railroads seeking to enjoin enforcement of the Adamson law and the administration and the brotherhoods taking steps to compel its enforcement there is trouble ahead on this score. It is intensified by the threat of the brotherhoods to strike and by the disposition of a large element in Congress to force through a law like the Canadian disputes act. President Wilson has promised to further such legislation. Should a strike come, there is every reason to believe the president will take prompt steps to operate the roads.

That there will be no end of complications over the Adamson measure in the courts, in Congress and in the relations of the roads and men is universally believed.

The labor matter, however, is but one of the great railroad problems now looming. Yesterday the National Association of Railway Commissioners, through its committee on state and federal control, strongly opposed centralization of more power over the roads in the hands of the federal government. Laurence B. Fian of Kentucky, chairman of the committee, charged that the railroads were making a great organized campaign for enhanced federal control and trying to influence Congress in that direction.

The joint sub-committee of Congress, which is to meet next Monday, will have the whole series of railroad problems before it, including government ownership. The sub-committee has sent notices to every state governor and attorney general and all state railroad commissions, to commercial and industrial organizations, and to the president of every railroad in the country.

Acceptances received include Samuel Rea, president of the Pennsylvania; Otto H. Kuhn of Kuhn, Loeb & Co.; F. W. Lehmann, former solicitor general, representing the American Telephone & Telegraph Co.; Samuel Untermyer, President Hadley and Professor Irving Fisher of Yale; Frank Irvine, New York public service commissioner; Paul King, receiver for the Pere Marquette railway, and J. M. Dickinson, receiver for the Rock Island.

No dates for the appearance of witnesses have been set, but the hearing will open with testimony by state railroad commissioners.

Official notice of the filing of 16 suits had been received yesterday by the department, but no determination reached as to where it would endeavor to have the first hearing.

### WOMEN WIN IN KANSAS.

Of 255 Candidates for County Office 151 Are Elected.

Topeka, Kan., Nov. 17.—Of 255 women candidates for county offices in 92 of the 105 counties in Kansas at the present election 151 were elected, according to reports received yesterday. Kansas now has 126 women holding county offices. Fifty-eight women were elected county superintendents of instruction, 36 registers of deeds, 25 clerks of district courts, 15 county treasurers, five county clerks and two probate judges. Classified as to parties, there were 92 Republican women elected and 59 Democratic. Only 17 Kansas counties will not have women county officeholders, according to the reports.

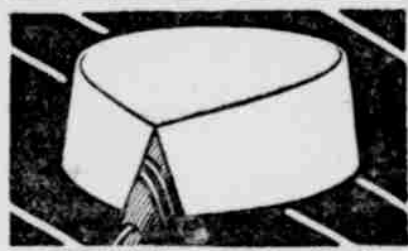

### MOTHER JONES FOR WILSON.

Congratulates President on "Our Victory."

Washington, Nov. 17.—Mother Jones, "angel of the mining camps," called at the White House yesterday and conveyed to President Wilson through Secretary Tumulty her congratulations on his re-election.

"I want to congratulate him on our great victory," she said.

"Having to Die to Win" is one of the mouldy objections to life insurance. It is not funny, not fair, saves loss. We apply it safely and reasonably. National Life Insurance Co. of Vt. (Mutual). S. S. Ballard, general agent, Rialto block, Montpelier, Vt.

## TO FLY FROM CHICAGO IN A DAY

A Woman Aviator to Alter the Non-Stop Record.

Chicago, Nov. 17.—Miss Ruth Law, woman aviator, will make a one-day flight from Chicago to New York today or Saturday, it was announced here yesterday. Miss Law will leave Grant park at 4 a. m. and expects to reach New York early in the afternoon. If the weather is unfavorable to-day, she will fly Saturday.

At the Aero Club of America it was said that Miss Law's flight had two motives, first to break the cross-country record and second to demonstrate that women fliers can be useful in war time. An official said she had received the club's sanction for the trip.

### General Sporting Notes.

Of the men who played on the 1915 football team at Brown university there are but five who lived up against Yale last Saturday. This goes to show the great change and amount of material which the Brown coach has had to develop.

Harry LeGore's football days at Yale are almost at an end, and they are not being marked with any great blaze of glory. His playing during the past year has been many degrees below the form which he was supposed to show and he has been outplayed on many occasions by Braden, a newcomer. While LeGore has been a wonderful battering ram at the opponents' defense, he has only showed much aggressiveness at times and Braden has been the bullock of the line barking when LeGore has failed to make his gain. If it had not been for Braden, the Elis would have made a sorrowful showing this fall.

Lawrence Hopkins of Somerville, Mass., quarterback on the Tufts college eleven, who was injured in the game with Springfield Training college at Pratt field last Saturday, is still in Hampden hospital. His condition has improved

during the past few days and he is on his way to recovery. It is not known how long he will remain at the hospital, but it is thought that he will have to stay for a week or two yet.

Syracuse wants a game with Brown next year and may get it.

Brown has scored 34 touchdowns this fall and from these DeVitalis has kicked 28 goals.

Dartmouth football warriors were given a novel form of practice Thursday, when Head Coach Cavanaugh presented his men wooden snow shovels and ordered them to clear the gridiron of its six inches of snow which fell in Monday's blizzard. The men with the shovels worked in this way in place of the usual scrimmage.

## GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderrine hair cleanse." Just try this—moisten a cloth with a little Danderrine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderrine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Danderrine from any druggist or toilet counter, and just try it.—Adv.

### VILLA TO JOIN ZAPATA?

Is Story of Projected Junction Brought to Border by Refugees.

El Paso, Tex., Nov. 17.—Villa and his main force of bandits are going south to form a junction with the Zapata forces in the state of Morelos, refugees report to government agents. Villa, at Santa Rosalia, declared he would leave a sufficiently large force in the north to harass the Carranza troops, according to the same source. Refugees also report looting of a large German-owned factory in Santa Rosalia by the Villa bandits when that town was captured by Villa.

### CARRANZA BATTALIONS QUIT.

Many of Murguia's Troops Desert to Villa.

El Paso, Nov. 17.—A report is received by American government agents that General Francisco Murguia, newly appointed Carranza commander of Chihuahua, lost two battalions of his column near Gomez Palacio, when he engaged a bandit force under Calixto Contreras. A majority of the men in the two battalions deserted to Villa, it was reported. General Jacinto B. Trevino, whom Murguia succeeded, has announced his intention to take the field in person against Villa and bandits.

### TO RAZE ROOSEVELT HOUSE.

Building Where Former President Was Born Will Be Torn Down.

New York, Nov. 17.—The old four-story house in which Colonel Roosevelt was born, Oct. 27, 1858, will be torn down to make room for a modern business place, it was announced yesterday. Several years ago the Roosevelt Home club was organized, with \$1 membership fee, to preserve the building as a place of historic interest, but owing to the lapse of payments on the mortgage, the property was sold recently under foreclosure.

### BRYAN TO HANG IN STATE.

Portrait of the Great Commoner to Join Those of Other Secretaries.

New York, Nov. 17.—A New York artist is painting a portrait of William Jennings Bryan to hang on the walls of the department of state at Washington beside the portraits of other secretaries of state. Several months ago Mr. Bryan was asked to find an artist to paint his portrait, but campaigning in the west caused a postponement of the search until he came to New York after election.

## COMB SAGE TEA IN FADED OR GRAY HAIR

If Mixed with Sulphur It Darkens So Naturally Nobody Can Tell

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.
